

# Checklist for Socialization

from *Perfect Puppy in 7 Days* by Dr. Sophia Yin

**The goal is that the puppy has positive experiences, not neutral or bad ones.** It's important to watch the puppy's response and note what it is and to also give treats to help ensure the exposure is a success. Here's a checklist that can help you. Download a copy of this puppy socialization checklist at [www.drSophiaYin.com](http://www.drSophiaYin.com).

You can grade the response if you want or just check off each exposure.

PROGRESS	SCORE	RESPONSE TO THE PERSON, OBJECT, ENVIRONMENT OR HANDLING
Needs Work	1	<b>Overarousal or try to get at:</b> Growl, nip, bark, struggle (for handling), or lunge
	2	<b>Avoid:</b> Struggle, hide, try to get away, won't approach, or hesitant to approach
	3	<b>Freeze:</b> Holds still (but not eating), non-exploratory, moving slowly or acting sleepy when they shouldn't be tired
Going well	4	<b>Calm, relaxed,</b> explores the object or environment, playful, <b>focused on the food</b>
	5	Calm, relaxed, explores the object or environment, playful, <b>even without food</b>

Additionally a + can be used to denote better progress and a - denotes not as well (e.g. 2+, 2, 2-) such that for each score there are three levels of responses.
